# CONNECT

## Forum

Unlocking the Value of Waste

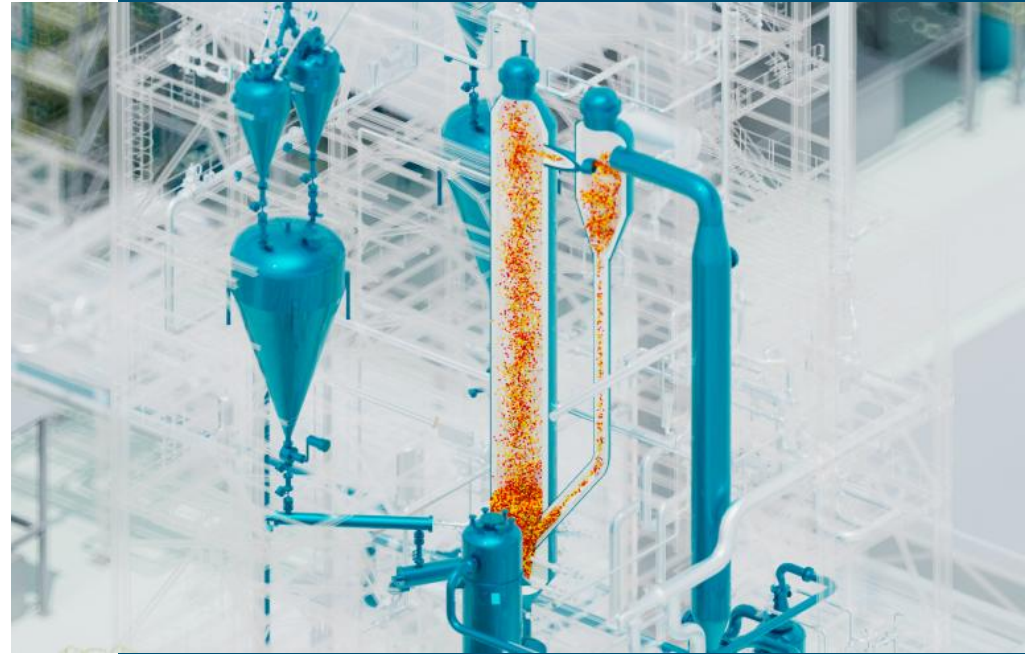

## ■ CONNECT Forum

# The CONNECT Forum

Join us for a unique, behind-the-scenes look at our proven & scalable solution which helps move projects from concept to execution.

### Event features:

- ▶ Expert presentations from GIDARA & industry leaders
- ▶ Panel discussions exploring strategic applications of gasification
- ▶ Interactive Q&A sessions

# WHY ATTEND?

- ▶ Discover how to make bio-syngas using technology that is ready to be deployed today
- ▶ Tap into the experience of leaders who have scaled SAF & Methanol projects
- ▶ Understand exactly how your project can reduce complexity and technology risk, while increasing reliability and bankability

## Target Audience

- ▶ C-Suite Leaders (CEO, CFO, CCO, CTO)
- ▶ Senior Project Managers & Tech Leads
- ▶ Senior Business Development Professionals
- ▶ Investment Decision Makers

## Company Sectors

- ▶ Chemicals & Methanol Producers
- ▶ SAF Producers
- ▶ Aviation Fuel Suppliers
- ▶ Engineering/Technology Solution Providers

# Forum Schedule

10 Sep	Morning Session 9.00 - 12.30
-----------	---------------------------------

## Agenda

- ▶ Presentation: State of the nation & market momentum – focus SAF & Methanol
- ▶ Presentation: New feedstocks & pathways to enable real progress
- ▶ Panel Discussion: The journey from waste to molecules

### Break

- ▶ Presentation: Role of gasification, practical lessons from the past & success factors
- ▶ Presentation: The SAF Technology Alliance unlocking the waste to SAF path
- ▶ Closing Panel Discussion: Practical steps for securing investment and achieving FID
